WAYFORWARD TECHNOLOGIES | 2021-PRESENT

UNRELEASED PROJECT (2026) / Multi-Platform

GAME DESIGN

- Designed boss battles as well as cinematic intros and outros for those battles.
- Created meta-game structure, economy, and incentives.

RETRO REALMS (2024) / Multi-Platform

NARRATIVE DESIGN

- Defined and directed the overarching narrative framework connecting multiple licensed horror titles into one bundled experience.
- Established narrative pillars guiding level design, enemy behaviors, and boss encounters across all games.

DAWN OF THE MONSTERS (2022) / Multi-Platform

PRODUCER

- Represented the publisher while overseeing development with external studio partner 13AM Games.
- Evaluated proposed features for scope, quality, and alignment with WayForward publishing standards.

TIC TOC GAMES | 2012-2021

B.ARK (2021) / Nintendo Switch

DESIGNER / ART DIRECTOR

- Led creative vision and design direction for a four-player couch co-op shoot-'em-up featured in the Nintendo Indie Showcase.
- Made a traditionally hardcore genre accessible and family-friendly through narrative context and gameplay structure.
- Directed art style, tone, and presentation from concept through release.

FUNKO POP! BLITZ (2019) / iOS & Android, Soft Launch

DESIGNER / DIRECTOR

- Designed core and meta systems for TicToc Games' first Blitz-style mobile title.
- Reimagined genre conventions to support long-term retention through deeper progression and collectible synergies.

SMURFS BUBBLE STORY (2017) / iOS & Android

DESIGNER / DIRECTOR

- Led full game design and live-ops direction for a licensed bubble shooter launched alongside a feature film.
- Introduced meta-narrative and living-world customization systems uncommon in the genre at the time.
- Designed social features and progression loops targeting engagement and viral growth (K-factor).

WHEEL OF FORTUNE: PUZZLE POP! (2016) / iOS & Android

DESIGNER / DIRECTOR

- Led live-operations design improvements focused on early-game retention.
- Proposed and designed a hybrid puzzle-solve mechanic within a bubble-shooter framework.
- Validated changes through A/B testing, producing an approximately 20% D1 retention lift and gains through D7.

ADVENTURES OF PIP (2015) / Multi-Platform

DESIGNER / DIRECTOR

- Designed core gameplay, narrative, enemies, and bosses for an original indie platformer.
- Oversaw art direction and creative consistency across the project.
- Selected for PAX10 Indies 2015; iTunes Store banner feature; ID@Xbox title.

PANDA POP (2013) / iOS & Android

DESIGNER / DIRECTOR, DEVELOPER SIDE

- Co-developed the title with Jam City, leading design and art direction.
- Designed lantern and booster-storage systems that differentiated the game in a crowded genre.
- These innovations helped the title outperform direct competitors on the grossing charts.

AGE OF LEARNING | 2015-2016

MY MATH ACADEMY (2016) / Multi-Platform

GAME NARRATIVE & META GAME DESIGNER

- Created original characters and narrative frameworks supporting ABCmouse's learning curriculum.
- Designed meta-progression systems connecting multiple educational games into a cohesive experience.
- Collaborated closely with educators to balance engagement with learning outcomes.

WAYFORWARD TECHNOLOGIES | 2002-2012
